New MC 30M-Z Miniature Industrial Shock Absorber

FARMINGTON HILLS, MI – ACE Controls announces the introduction of the new MC 30M-Z miniature industrial shock absorber for mounting into pneumatic cylinders and rotary actuators.

The MC 30M-Z features a stretch seal design and offers high-energy absorption in confined spaces.

The wide effective weight ranges and self-compensating design allow the MC 30M-Z to handle a multitude of applications

Selected applications include: small linear slides, material handling and packaging equipment, small robotics, office and medical equipment, instrumentation and more.

ACE Controls Inc. is an ISO 9001:2000 certified manufacturer with a global customer service network that includes offices in England, Germany and Japan with distributors in over 110 cities in 35 countries. The product lines of ACE Controls include: industrial and safety shock absorbers, gas springs, hydraulic dampers, rotary dampers, feed controllers, TUBUS elastomer bumpers and NuCushions for pneumatic cylinders.
